

**FCCLA
BOARD OF DIRECTOR
POLICIES RELATED TO STAR**

1996 07.01 At an annual meeting of the District STAR Coordinators, a **State STAR Advisory Committee** shall be selected for the purpose of resolving issues that may arise in the District and State level programs/events. A new committee shall be selected each year, with one member being selected per region. The current year's coordinators shall select this committee.

1998 04.08 Members of the **State Officer Team** shall not be eligible to participate in the Parliamentary Procedure and Job Interview State STAR Events. These events involve more participation time on the Monday (first day) schedule and result in conflicts with the major responsibilities of State Officer Team members, particularly on the first morning of state conference activities. SOT members are to be discouraged from participating in State STAR Events because of their priority responsibilities as officers of the State Association at this time.
