## Why did we compete in STAR Events?

Participants from Nebraska joined nearly 23,000 students from across the country in STAR Events. Students reported participating to increase leadership skills, to apply college and career-readiness skills to future goals, to meet personal, school, or community needs, and to learn and have fun!

## How useful are STAR Events for my future?

Nebraska students reported, along with 90% of all national participants, that these events are very or extremely useful as they prepare for future experiences.

By participating in **STAR Events**, students are proving that with FCCLA, there are unlimited possibilities by encouraging students to explore career opportunities, develop leadership skills and grow personally while making a difference in their family and community.
