Financial Fitness
Money Smart Weeks

On the third week of each month starting in September and ending in December, we would like you to participate in the Financial Fitness Money Smart Weeks. Since we are spreading this over four months we would like you to use the “four essential topics,” one for each week. The topics are listed down below.

1. **Earning** - sharpen on-the-job financial fitness
2. **Spending** - track and plan personal spending
3. **Saving** - conquer bank accounts, credit, and investments
4. **Protecting** - keep financial and personal interests safe

What we would like the Money Smart Weeks to look like- We would like you to implement all of these topics into your school and community. By doing this we hope that you who participate in this project will teach others about Financial Fitness and give them more “Money Smarts.”

How to send in your information/pictures of your projects- We have created this Google Form for you to send in your information and pictures of your projects. Participants of all four weeks will be awarded a prize at Peer Retreat.
