- 21-40 members = 2 candidates
- 41-60 members = 3 candidates
- 61 or more members = 4 candidates

The strength of an organization depends upon its members, but the efficiency of its officers facilitates its progress. Careful thought should be given to the responsibilities of the officer before anyone is nominated for an FCCLA office, whether it is for a chapter, district, state, or national responsibility.

State Level State Officer Candidate Selection Process.

04.06 A Application Form and Profile Sheets (10 points for the application form). The candidate application form will be evaluated as part of the state level State Officer Candidate selection process, in advance of SOC Phase 1. The State Adviser, or designee, shall select a committee of at least five people to evaluate the written application forms of all candidates. This committee shall consist of District Advisers from at least two Regions, former State Officers, and Alumni and Associates members. The two profile sheets are to be available for scoring by the committee. When the chapter adviser is the candidate’s parent/guardian, the Profile Sheet should be completed by another member of the school faculty.

04.06 B Code of Conduct.

The State Officer Candidate application forms will be evaluated separately prior to the interview. The two Profile Sheets shall be available for review but are not scored by the interview committee.

Beginning once an application is submitted to the State Office, the candidate will be subject to following the Code of Conduct which prohibits the use of drugs, alcohol and/or tobacco products and appropriate social media use. The Code of Conduct must be submitted with the application. Any student found with alcohol or drugs during their candidacy may be subject to removal by the Board of Directors and State Adviser. If such behavior occurs before their candidacy and brought to the attention of the State Adviser, appropriate action will be taken by the Board of Directors, State Adviser and local Chapter Adviser. If a member or adviser feels that a candidate has violated this policy, such violation must be reported, in writing, to the appropriate adult staff personnel such as the State Adviser or a member of the Nominating Committee. A committee will be appointed to investigate the allegation. Alleged violations must be reported prior to the close of the voting process during State Leadership Conference. If the review panel determines the candidate has violated this policy, that candidate will be disqualified from election. The decision of the review panel is final.

04.06 C Phase I-Test and Interview. All candidates will take a test on FCCLA, to include parliamentary procedure knowledge. The test will be administered to all SOCs at the same time. (worth 25 points)

Candidates will be interviewed by a Nominating Committee of up to 20 members including a District Adviser from each region, a state officer from each region, and one Board member that will serve as the Chairperson. (worth 35 points)

Scores from the application, test, and interview will be tallied, and then at least one candidate from each regions will advance to Phase II along with the other candidates regardless of their region. Up to 16 candidates will advance to Phase II.
Candidates will receive letters on the date of Phase I informing them if they advance to Phase II or not. The names of these candidates will be posted when results become available.

04.06 D Phase II-Voting Delegate Vote. (worth 30 points) State Officer Candidates will be introduced to all delegates at a State Leadership Conference general session. This should take place before the voting takes place, with chapter Voting Delegates present.

Candidates will participate in a “team building experience” to demonstrate team work. The Voting Delegates and Nominating Committee will be required to attend this session. They must wear their voting delegate ribbon to sign in. This session will not be assigned points. The purpose of the event is for voting delegates to see how the candidates solve problems and work as team members.

The 16 SOCs will present a prepared speech up to three minutes in length, without visuals, discussing an FCCLA related topic given on the annual SOC application at the voting delegate session. Chapter voting delegates and the Nominating Committee are required to be present. This session may be closed to those not on the Nominating Committee or a Voting Delegate as seating will be limited. Voting Delegates must wear their ribbon to sign in to enter the session and to receive their ballot. The other SOCs will not be present for this activity.

Each of the 16 SOCs will be asked an impromptu question as part of their introduction to all delegates.

Each chapter must cast a vote for eight candidates, each vote counting as one vote. Each chapter must vote for at least one candidate from each Region. Results of Phase III shall be figured as:

\[
\frac{\text{# votes for candidate}}{\text{Total votes possible}} = \frac{X \text{ points}}{30 \text{ points}}
\]

04.06 E Total Points. The total points possible for any candidate shall equal 100 point

The final eight members of the State Officer Team (SOT) shall be selected based on total points earned in the process, as well as on a regional representation basis, in the following manner:

a) Select the first four officers from the top scorer in each region
b) Select the next four officers from those remaining with the highest scores, regardless of what region they represent
c) In the event that there are no candidates from a region, the next highest scoring candidate shall be selected. (19)
d) The offices of President, Vice President, and Secretary shall then be named based on candidate preference for a given office and highest score. (02) (12)

04.06 F Tie. In the event of a tie, the candidate with the highest combined score at the end of Phase I (application, test, and interview) will be selected. If there continues to be a tie, the scores of the individual stages of the selection process will be used. The first tie breaker score will be the interview because officers need to make a positive image on the people they meet. The second tie breaker will be the test score because officers need to be knowledgeable about FCCLA. If all the tie breakers fail to determine a winner, the Nominating Committee will be consulted.

04.06 G Candidate Misses a Portion. When a candidate(s) misses a portion of the selection process due to an emergency situation, such as severe weather conditions, the State Adviser, in consultation with representatives of the Board of Directors will determine the action to be taken. Candidates will be subject to a deduction of 10 points from the appropriate phase of the selection process without an acceptable excuse for a late arrival for any phase; shall become ineligible if miss a whole phase, without acceptable excuse; the person(s) in charge shall have authority to make the decision. (12)

If a member or adviser feels that a candidate has violated this policy, such violation must be reported, in writing, to the appropriate adult staff personnel such as the State Adviser or a member of the Nominating Committee. A committee will be appointed to investigate the allegation. Alleged violations must be reported prior to the close of the voting process. 07 STAR Events Program

07.01 District STAR Coordinators. At an annual meeting of the District STAR Coordinators, a State STAR Advisory Committee shall be selected for the purpose of resolving issues that may arise in the District and State level programs/events. A new committee shall be selected each year, with one member being selected per region. The current year coordinators shall select this committee.

07.02 STAR Event Personnel. To assist with the operation of the State STAR Event competition, it takes the efforts of many individuals. Each District and Chapter must contribute individuals to make STAR Events successful. Each District must identify and volunteer at least 2-3 individuals to serve as Lead Consultants for STAR Events each year. Districts may select these individuals using their own methods however the current STAR Coordinator for the District must be one of the volunteers.
Many evaluators are needed for the State STAR Event competition as well. Each chapter is required to contribute evaluators based on the number of events they have entered. The following scale will be used:

<table>
<thead>
<tr>
<th>Number of Events</th>
<th>Number of Evaluators Required</th>
<th>Number of Helpers/Timers Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>2-6</td>
<td>1</td>

</tr>
<tr>
<td>7-11</td>
<td>2</td>
<td>2</td>
</tr>
<tr>
<td>12+</td>
<td>3</td>
<td>3</td>
</tr>
</tbody>
</table>

This scale may be adjusted by the State Adviser and need requires.

These individuals do not have to register to attend the entire State Leadership Conference, however, if they choose to attend any events other than their assigned STAR Event they must register for the conference. They will receive a discounted registration cost. If the evaluators are not needed, they may be utilized to lead FCCLA Serves or tour opportunities.

07.03  **STAR Events Event Adoption Process.** As changes occur both in the needs of Nebraska STAR Events and the adoption and elimination of STAR Events by the National FCCLA Association, the following procedure must be followed to adopt or eliminate a STAR Event.

STAR Coordinators must agree by majority vote on the adoption or elimination of a STAR Event. Their recommendation will then be forwarded to the Board of Directors which will give the final approval and implementation date for the event.

07.04  **State STAR Events Qualification.** To qualify for the State Level STAR Events Competition, the participants must place as one of the top two competitors and receive a silver placing or higher on their project at the district level. If only one competitor receives a silver at the district level, then they will be the only competitor in their category to advance to State STAR Events Competition from their district. (17)

07.05  **STAR Events Substitution Policy.** In the event that substitutions/changes need to occur within a STAR Event prior, during, or after competition, the following guidelines must be followed. Deviation from these guidelines at any time will result in the disqualification of the individual or team.

At any point, if an individual who is competing as part of a group drops out for any reason, the team can compete without that group member. If the team advances to the next level, the individual who dropped may join back into the competition at that next level. The decision to allow that dropped individual to compete again is up to the discretion of the local chapter adviser. With the exception of Parliamentary Procedure and Culinary Arts events, only members whose names appear on the original registration can compete at the next level.

In Parliamentary Procedure and Culinary Arts, if a member(s) drops, another member from that chapter may take their place without their name appearing on the original registration form. Teams may only replace the same number of names as those that dropped from the original registration information.

If the event is an individual event or it is an individual competing in a team event, absolutely no substitutions can take place at any time or at any competition level.

If an individual or team drops out of an event, the next top finisher may be eligible if their scoring meets the minimum. (17)
07.06 **STAR Events Scoring and Awards.** The Nebraska Association will follow all scoring levels, guidelines, and rubrics provided by National FCCLA with the following exceptions:

- Nebraska STAR Events
- To receive a medal, students must score a minimum of 50 points

Advancement from the District level to the State level of competition is based on the District’s policies. Advancement from the State level to the National level of competition is only permitted when the entry scores a Silver (70.00) or above, and is one of the top two scoring entries in the competition or is replacing one of those entries due to that entry being unable to attend the National Conference. The Nebraska Association will send two entries from Level I, Level II, Level III following the guidelines determined by the National association. (19)

08 District Organization and Policies

08.01 **District Bylaws.** District Bylaws shall be consistent with other districts, as well as the State and National Bylaws. Where appropriate, they shall also allow for flexibility to meet specific needs and differences in the districts. Each district shall periodically review/revise their District Bylaws and submit a copy to the BOD for review. Recommendations will be made regarding consistency and flexibility, as needed, at the district level. (97)

08.02 **District Policies Handbooks.** Districts are to prepare a policy document that provides a copy, in writing, of the district policies. Setting policies should always include student member participation in the decision making procedures. A current copy of District Bylaws and Policy Statements shall be on file with the State Adviser. (97)

08.03 **Resolving Emergency Situations.** The District Association shall have the authority to determine action to be taken when emergency situations arise. A minimum of three persons, including students and adults each representing different chapters and not related to the situation, shall decide what action should be taken. (97)

08.04 **Chapter Balance in Districts.** To support the plan to achieve a better balance among districts, the Board of Directors may designate the specific district that some new chapters will join. Once every five (5) years the district structure shall be reviewed by the BOD. (00)

08.05 **Chapter Transfer and District Funds.** Chapters moving from one district to another through redistricting, school reorganization, or other circumstances shall have a portion of district funds travel with the chapter based on remaining funds at the end of the fiscal year. Funds transferred will be proportionate to the number of members transferring in relation to total district membership. (02)

08.06 **Redistricting.** The following outlines how a school can request to move to a new district.

1. The school wanting to redistrict must apply for redistricting by January 1 of the current school year for the redistricting to take effect for the upcoming school year.
2. The redistricting application will be considered by the board and will either be approved or denied by the Board.
   a. If the board approves the school’s redistricting application, the Board will then propose the addition of the school wanting to redistrict to the potential new district.
   b. The potential new district will have the opportunity to accept or deny. If no action is taken by the potential new district within 2 weeks of being notified by the Board, the school applying to redistrict will automatically be allowed to enter the new district.
3. The school applying to redistrict will be informed when their application is approved or denied, but will not be informed where in the process (Board or potential district) the application was approved or denied.
4. The new district assignment goes into effect for the upcoming school year.
The Board reserves the right to redistrict the state based on the best interest of the organization. When this occurs, the schools and districts impacted will be notified by March 1 of the current school year for the redistricting to take effect for the upcoming school year.

09 National Leadership Conference

09.01 Adviser Participation. Advisers are reminded that the National Association of Secondary School Principals requires adult chaperones for students attending NASSP-sponsored conferences. The Nebraska Career Student Organizations endorse this policy. When a local adviser or parent cannot attend an out-of-school FCCLA Leadership Meeting to chaperone a student(s) from the local school, the school district will need to identify an adult to be responsible for the student(s). This may be an adviser from another school district, a parent or other designated adult who will be in attendance at the event. An “Authorization Form for Independent Delegates” must be submitted and on file with the State Adviser during this meeting. Whenever three or more students from one chapter participate, the adviser or other authorized adult, must attend and sponsor the students.

09.02 Reimbursement Policy. The following reimbursement amounts shall be in place

- SOT-$125
- NOC-$150

Adviser refunds will be eliminated except those who have added responsibilities, as identified by the State Adviser upon approval of the BOD. (06) This payment will be sent once an invoice from the delegate is received by the state office. (14)

09.02 A Final Distribution. Final decision on the distribution of reimbursable funds shall be left to the discretion of the State Adviser in consultation with other members of the Board of Directors. SOT/NOC delegates shall not receive less than other delegates.

Funds to be reimbursed to delegates shall be paid after returning from National Leadership Conference. Delegates, adult and student (including STAR participants), shall become ineligible for all or a portion of any funds if they choose not to attend official NLC sessions/activities unless excused by the State Adviser or designee. Final action shall be left to the State Adviser. Delegates are discouraged from taking separate tours, shopping trips or participating in similar activities. (01)

10 Miscellaneous Policies

10.01 Voting Policies for Classroom Chapters. To determine the number of votes of classroom integrated junior/middle level chapters who are part of the national affiliation program, the following formula shall be used. If the class meets for nine weeks (25% of the school year), the total chapter membership shall be divided by four to determine the number of votes that chapter shall have for district/state business. (96)

10.02 Middle Level Dues Affiliation. When this option is available to chapters at the eighth grade and below, and when chapters choose this option, the state chapter dues shall be determined by the Board of Directors. (98)

10.03 Student Eligibility upon Early Graduation. In the event of early graduation of a member, a student may participate in a State Association activity if they become eligible for that event prior to high school graduation, and the local school district agrees to support their participation in that event. Such support shall be in writing on school letterhead stationery, with signatures of an administrator, the chapter adviser and a parent/guardian of the member.

10.04 IRS Form 990 Inquiries. The statement that follows is recommended by National FCCLA legal counsel as a response to inquiries when chapter advisers or school principals receive a communication from the IRS concerning the 990 form.

“We are a chapter component of the Nebraska State Association of Family, Career and Community
Leaders of America, which is itself a subordinate unit of Family, Career and Community Leaders of America, Inc. and is exempt under a group ruling: 53 017 8290 - - 1472. Our income is not in excess of $25,000 and there is, therefore, no necessity for filing a separate 990 form.”

The appropriate section of the 990 form should be completed and returned with the preceding statement typed on school letterhead. The statement should be signed by the school principal and chapter adviser.

Chapters that want to be included in the FCCLA group tax exemption must obtain an Employer Identification Number (EIN) through the Internal Revenue Service. Please complete form SS-4 that can be obtained from your local IRS office. Copies of the EIN should be forwarded to national headquarters along with a request that the chapter be included under the FCCLA group exemption.

10.05 Sexual Harassment Policy. The Family, Career and Community Leaders of America (FCCLA) oppose sexual harassment of any kind. Sexual harassment of students is a real and serious problem in education at all levels. It can affect any student, regardless of sex, race, or age. Sexual harassment can threaten a student’s physical or emotional well-being, influence how well a student does in school, and make it difficult for a student to achieve his or her career goals. Moreover, sexual harassment is illegal – Title IX of the Education Amendments of 1972 prohibits sex discrimination, including sexual harassment.

Title IX protects students from unlawful sexual harassment in all school programs or activities, whether they take place in the facilities of the school, on a school bus, at a class or training program sponsored by the school at another location, or elsewhere. Title IX protects both male and female students from sexual harassment, regardless of who the harasser is.

FCCLA activities are integral to local school instructional programs in career education and are a responsibility of the state. Therefore the sexual harassment policies and procedures in effect in the student’s home school or schools last attended are the means by which sexual harassment issues at FCCLA events will be addressed.*

If a student feels they have been sexually harassed while participating in a state FCCLA event or activity, they are strongly encouraged to report the incident immediately to 1) the chapter adviser responsible for FCCLA activities in the student’s home chapter; 2) the student’s home school principal; or 3) the State Adviser of FCCLA. Harassment issues reported to the FCCLA State Adviser will be referred to the students’ home school administrator(s). (00)

10.06 State Approved Fundraising Programs. The State Association has identified some fundraising companies as the official state approved fundraisers for chapters. These companies have programs available with a wide variety of products to meet the needs of the local chapter and community. They are suggested resources but chapters are not required to use them.

The purpose of a state approved fundraiser is to assist the state and districts in raising funds for chapter activities. The monies that are paid to the state or district are NOT taken from the individual chapter’s profits, but are from the company’s profits in gratitude for listing them as a state approved fundraiser and for providing a state listing of chapters.

The monies received by the State Association from the approved companies are utilized for various state projects, including adviser training. A chapter’s participation is encouraged as it will provide fundraising programs for the local chapter in addition to financially supporting the state and/or district organization. Contact the State Adviser for a current list of fundraising programs that support State Association programs.

10.07 State Sponsored Activities Dress Code. The following dress code shall apply to all state sponsored activities/sessions unless otherwise indicated by the Nebraska State FCCLA Adviser or Board of Directors.

Members will be expected to wear the following attire:
● red, black, or white collared shirts with sleeves (Please note that the FCCLA logo is NOT a required component)
● FCCLA official dress
● neutral colored pants, capris (must fall completely below the knee), or skirts (2 inches above the knee at its shortest point)
● neutral or red dress shoes or boots (open toe OR open back are acceptable)

The following are items that will not be allowed to any session by members, advisers, or guests:
● jeans
● shorts
● athletic shoes
● flip flops, including gladiator type sandals
● revealing attire, including but not limited to items that are low cut, tight, or see-through

Members will also be asked to remove outerwear (coats, sweatshirts, etc.) before entering. Members who are found in violation of the dress code at any point before or during a session will be asked to leave to change immediately. They will be more than welcome to return to the session when their attire meets the dress code requirements. The State Association shall provide a supplement with pictures to help illustrate these requirements.

10.08 Authority and Action in Emergency Situations. In the event of an emergency situation at State leadership Conference that shall effect the selection of the State Officer Team or other State Association business, including voting on bylaws changes, a committee of the BOD members present, including State Officer representation, shall meet to determine the procedures to conduct State Association business. (03)

In the event of an emergency situation during the State STAR Events competition, the State STAR Coordinator and the Room/Lead Consultants present shall determine at their pre-event meeting how to handle the potential rescheduling of events.

10.09 Registered Voters and Quorum for Conducting Business at State Leadership Conference. Registered voters shall be those who are present and have signed in to the “team building experience” to receive a ribbon and the official ballot.

10.10 Photography and Videography Disclaimer
Nebraska FCCLA members, unless prior notice has been given, grant irrevocable and unrestricted right to Nebraska FCCLA to use, reproduce, or publish photographs and/or video of me, including my image and likeliness depicted therein, taken during (activity/event, location, date) in publications, news releases, online, and in other communications related to the mission of Nebraska FCCLA. Chapter Advisers will be able to identify students who do not wish to be photographed or video recorded during Nebraska FCCLA event on the registration form.

10.11 Weather or Natural Disaster Related Refunds
Any decision regarding hosting a Nebraska FCCLA activity/event will be made in the best interests of the students and advisers attending. Decisions regarding cancellation or postponement will be made by the State Adviser, Board of Directors and NDE staff. If a Nebraska FCCLA or Nebraska CTSO activity/event is not cancelled but a school district/chapter has contacted the state adviser immediately prior to said activity/event, the state adviser can review the financials after the event and possibly refund a part of registration if certain expenses are not incurred prior to notification. It would be a case by case basis and only in extraordinary circumstances such as a natural disaster or weather emergency. In the event of severe weather at the District-level, a decision will be made between the District Adviser and the State Adviser regarding refunds and/or hosting the event.

10.12 Outstanding Bill Payment Prior to Attendance at the Next Event
Chapters missing payments will be designated as “not in good standing” only until they have rectified the situation. Members of chapters not in good standing are considered ineligible for all Nebraska FCCLA activities beyond the
chapter level until the chapter re-enters a good standing status. A $50 late fee will compound monthly for outstanding invoices.
