

SMALL CHANGES, BIG IMPACT OUTREACH PROJECT

COMPASS is an organization out of Kearney which provides support, training, and financial assistance to help foster families to make a difference in the lives of children in the foster care system.

The Kearney Safe Center provides services to individuals involved in abusive relationships who are seeking help.

The Nebraska SPOT Teams will be collecting items from chapters for these organizations at Peer Education Conference in February. Donations will be turned in at the registration table on February 28th. All chapters that donate items will be recognized at the conference! Thank you for supporting our peer outreach project and these amazing organizations!
