## Leadership Development

Leadership development is more than just part of the mission for Nebraska FCCLA. It is a large part decision making that we go through when considering events, conferences, programming, and more. With a tagline of “The Ultimate Leadership Experience,” Nebraska FCCLA believes in building the leadership skills and experiences of its members.

### *Conferences and Events*

At every FCCLA conference, leadership development takes center stage. Whether it is preparing a student for their role as a chapter officer at Fall Leadership Workshop or connecting students to unique program training at State Leadership Conference, we work to provide diverse growth opportunities for every student. In addition, all conferences sponsored by Nebraska FCCLA have been cross walked to the Nebraska Career Readiness Standards which identifies what skills a student will gain by attending that event.

### *Leadership Roles*

Students can also practice their leadership skills through a variety of leadership roles in FCCLA. This could include leading a committee at the local level or running for a position on the National Executive Council. Through these experiences students are tested and stretched to new levels while taking an active role in improving their family, school and community. For more information about leadership opportunities at the State and National level, visit Leadership Opportunities under Membership on the Nebraska FCCLA website.
