The Ultimate Leadership Experience

Creed

We are the Family, Career and Community Leaders of America. We face the future with warm courage and high hope. For we have the clear consciousness of seeking old and precious values. For we are the builders of homes, homes for America's future, homes where living will be the expression of everything that is good and fair, homes where truth and love and security and faith will be realities, not dreams. We are the Family, Career and Community Leaders of America. We face the future with warm courage and high hope.

National Publications

Two e-newsletters are published weekly to affiliated chapter members and advisers. Chapter members receive a weekly *Member Minute* e-newsletter, and chapter advisers receive a weekly *Fast Facts* e-newsletter. These newsletters contain upcoming dates and deadlines along with important reminders and showcase the work of members and chapters across the nation. Copies of past publications can be viewed and downloaded in the FCCLA Portal.

Partnerships

The support from FCCLA's partners and sponsors helps FCCLA continue to support youth preparing for success in their families, careers, and communities. Working together to provide personal growth, leadership development, and career preparation opportunities for all members. Supporting FCCLA provides a platform for businesses, organizations, and colleges/universities to connect with top youth leaders that are making a positive impact in their communities and gaining skills in a variety of careers such as Early Childhood Education, Culinary Arts, Fashion Construction, Interior Design, Event Management, and Nutrition and Wellness. Learn more about FCCLA partners on the [Partnerships page](#) of the national FCCLA website.

History

Since 1945, FCCLA has been addressing important personal, work, and societal issues through Family and Consumer Sciences (FCS) education—previously known as Home Economics. At its height, the organization’s membership peaked at 607,175 with members from 53 state associations, including Washington, D.C., Puerto Rico, and the Virgin Islands. Dolly Parton, Reba McEntire, and Bo Jackson are a few of FCCLA’s most nationally recognized alumni.

Today, more than ten million students have been involved in FCCLA and have changed countless lives around the country by participating in National Programs, competing in Competitive Events, exploring Career Pathways, and attending national conferences. FCCLA continues to be the only Career and Technical Student Organization focused on preparing youth for careers that support families and strengthens members employability skills by preparing students to be college-and career-ready. Learn more about the history of FCCLA on the [History page](#) of the national FCCLA website.

Governance

The National Board of Directors is the legal governing body of Family, Career and Community Leaders of America. FCCLA’s Board of Directors is comprised of seven members elected by related organizations and groups, six members ex officio, four youth members, and two members at-large elected by the board. The primary functions of the Board of Directors are to set policy related to program, personnel, and fiscal matters and to be responsible for sound management.

FCCLA’s Chief Executive Officer (CEO) serves as the Chief Administrative Officer of the organization. The board receives and acts upon the recommendations of the CEO relative to the management of personnel, program, and fiscal matters.

The Bylaws and Policies and Procedures Manual along with the current Strategic Plan and recent board meeting summaries can be found on the [Governance page](#) of the national FCCLA website.

Career Clusters

FCCLA has made a concentrated effort to illustrate the connection of FCCLA and Family and Consumer Sciences (FCS) to Career Clusters. FCCLA most directly supports Career Clusters in Arts and Design, Hospitality and Tourism, Financial Services, Education and Training, Human Services, and Public Service.

FCCLA Members explore career opportunities and build career and life-ready skills by developing projects, engaging in leadership experiences, and competing for scholarships and awards at regional, state, and national levels. Through FCCLA’s six Career Clusters, members gain essential skills that prepare them for college, careers, and leadership roles. These skills include technical expertise, academic knowledge, and broad career-readiness abilities.

Learn more about the alignment of the updated Career Clusters to FCCLA programs and events on the [Career Clusters page](#) of the national FCCLA website.

Branding Guidelines

The FCCLA name, acronym, logo, and tagline play a vital role in the organization. They are an immediately recognizable visual identity for those who know FCCLA – FCS teachers, members, non-members, school administration, and parents.

Adequately presenting the trademarks of FCCLA cannot be overstated. Consistent presentation of FCCLA trademarks suggests the organization's stability and reliability. Alignment with branding standards demonstrates professionalism and commitment to detail – strong characteristics that describe FCCLA and its members. The FCCLA Branding Guidelines identify and explain how to utilize FCCLA's marks to put forward the organization's best image.

Protecting the brand of FCCLA is the responsibility of National FCCLA and its affiliates at the local and

state level. Using the FCCLA logo means you agree to abide by the FCCLA Branding Guidelines. Access the entire [FCCLA Brand Guide – 10th Edition](#) on the [Branding Guidelines page](#) of the national FCCLA website.

Logo Use Guidelines & Rules

General Guidelines

1. No elements of the FCCLA logos may be recreated, deleted, cropped, or reconfigured. All FCCLA logos are provided as EPS or PNG from National FCCLA.
2. EPS files are vector artwork and are infinitely scalable, thus eliminating the need to ensure proper resolution for reproduction.
3. PNG files are non-vector, rasterized files with transparent backgrounds. PNG files can be used when web-ready graphics are needed or for small format print (i.e., business cards, flyers, etc.).
4. The FCCLA logos must be uniformly scaled. Non-uniform scaling distorts the proportions of the logos and the relationship between the symbols and letterforms.
5. A minimum clear space must be maintained on the perimeter surrounding the FCCLA logos as outlined in the logo clear-space section of the Branding Guide.
6. FCCLA's logos may only be reproduced directly from a digital file; they should never be reproduced from previously printed materials.
7. Do not put a box around the FCCLA logos when placed on a dark background.
8. Do not reproduce the FCCLA logos in colors or designs other than those specified in this document.

Logo Use Rules

1. Do not use a collegiate font in place of the FCCLA Logotype. The FCCLA Logotype is available for download on the National FCCLA website and FCCLA Portal.
2. Do not add effects or textures to FCCLA's logos.
3. Do not stretch or distort FCCLA's logos.
4. Do not use an unapproved color on FCCLA's logos. The entire logo must always be in one solid color (red, black, or white).
5. Do not break the clear-space rule.
6. Do not combine FCCLA's Tagline Logo, Emblem Logo, or Swoop Logo with visual elements. In this case, the FCCLA Logotype must be used.

Logo & Trademark Use Request

Any Chapter or State Association seeking to use FCCLA's trademarked logos, names, or acronyms on merchandise items, including but not limited to apparel, awards, signage, etc., must obtain prior approval from National FCCLA. Production of any merchandise items without prior approval is strictly prohibited.

It is of the utmost importance that you follow the steps on the [Logo and Trademark Use Request page](#) of the national website when requesting to use any FCCLA logo for branded merchandise and other promotional items. Please contact communications@fcclainc.org with any questions.

2025-26 National Theme

ConneCTEd is more than a theme. It is a powerful reminder that success is not built alone. It is discovered through meaningful relationships, purposeful action, and the opportunities that Career and Technical Education (CTE) and Family and Consumer Sciences (FCS) provide. FCCLA brings these opportunities to life by connecting students with the skills, leadership development, and real-world learning that prepare them to thrive—not just someday, but right now. Learn more about the annual theme and access logos on the [Annual Theme page](#) of the national FCCLA website.

Dues & Affiliation

There are four affiliation options available to chapters. Additional information about dues can be found on the [Rates and Packages page](#) of the national FCCLA website. State and national dues is remitted directly to the national association; district dues is remitted to the state association.

The initial affiliation deadline is November 1. After this date, advisers and members will lose access to materials in the FCCLA Portal, including competitive event guidelines. The Nebraska STAR Event affiliation deadline is December 15. Students must be affiliated by this date to participate in STAR Events. The SLC Participant affiliation deadline is February 1. Students must be affiliated by this date to attend SLC. The final affiliation deadline is May 31. These affiliation deadlines are the dates by which payment has to be received for district, state, and national dues. Members are not considered affiliated until dues payments have been received; at that point, they will move from PENDING to AFFILIATED in the FCCLA Portal.

There are a variety of resources available to assist advisers with the annual affiliation process. Review the materials available on the [Chapter Management page](#) of the Nebraska FCCLA website as well as the [Adviser Resource Kit](#) on the national FCCLA website.

Regular Affiliation

With this traditional affiliation option, dues are paid for each member and adviser individually. Currently, national dues is \$9 and state dues is \$6, so the total dues per member and adviser is \$15. On August 1, 2026, state dues will increase to \$7, so the total dues per member and adviser will be \$16. A

minimum of 12 students is required to affiliate a chapter. If you have fewer than 12 members, you will still pay the national dues for 12 members; state dues is only charged for affiliated members (there is no minimum).

Middle Level Affiliation

This flat rate option includes up to 25 student affiliations (with the option to add more at the regular affiliation rate), unlimited adviser affiliations, and resources bundled into the package.
